

TO THE PROPERTY HOLDERS OF HANNIBAL.

At a meeting of the Board of Directors of the Hannibal and St. Joseph Railroad Company, convened in this city on the 25th inst., it was

Resolved, That the Engineer in-Chief, in addition to the power already conferred on him by a resolution of this Board, be and he is hereby instructed to cause a full and complete examination of the routes through Collier street, and also any other route that in his judgment may be deemed advisable for the interest of the Railroad Company, and to prepare an estimate of the costs of those several routes, together with their relative working and prospective value to the interest of said Road, and that he be also empowered to ascertain upon what terms the right of way for said Road can be obtained upon the several routes, and also to receive propositions from land holders or their agents, upon what terms the necessary amount of land can be obtained upon the banks of the Mississippi river, and upon such other places in or adjacent to the city limits, for such other amount of land as he may deem necessary for the use of the Company for the necessary buildings, and that he be required to report at the next meeting of the Board, and all powers conferred on the committee heretofore appointed in reference to getting the right of way through the city of Hannibal, and getting land for depots and other buildings, necessary for the wants of the Company, be and is hereby repealed.

Propositions for the sale of lands to the Hannibal and St. Joseph Railroad Company, for a site for Depot, &c., in this city of Hannibal, in accordance with the above resolution, are invited from the property holders, and will be received at the office of the undersigned, on or before the first Monday in September next.

The quantity of ground necessary for the use of the company for the terminus, will be not less than five acres; on or near the river, and ten additional acres, lying in a body on or near the line of Road, a distance not exceeding two miles from the river.

Propositions should be sealed, and endorsed "Proposal for sale of ground for Depot," and contain an accurate description of the ground, its locality, quantity, &c., with reference made to a plat of the city.

JAMES M. BUCKLIN,
Chf. Engr. H. & St. J. R. R.
Hannibal, July 29th, 1853.—d&wtd.
City papers copy, and send bill to Railroad Office.

THE DIRECTOR.—Major Bucklin requests us to state that propositions from property holders will be received for any amount, from five acres down. Five acres was named as the amount of land that would be required for a depot, and it certainly can make no difference with Major Bucklin or the Board of Directors, whether propositions for the sale of any five acres come from one man or a dozen men, separately or in combination. The object is to ascertain where and at what price ground enough for a depot can be obtained. A number of persons might combine to make up the amount required; or they may separately, or any one that chooses, may send in propositions to sell indefinitely small amounts.

PREPARED BY THE TEXAS, an excellent article for sale and tender nippies, for sale at the Drug Store by July 26, 1853.—d&wtd. E. S. ANDERSON.
CHEAP WHOLESALE AND RETAIL.

BOOK AND STATIONERY HOUSE,

T. R. SELMES.

Important to Housekeepers!!
WOODMAN'S
CELEBRATED SOAP!!

THE above celebrated soap is an article which every family, hotel, laundry, boarding house, &c., will find upon a careful trial, to be the very thing required for economy and saving of labor.
1st. Because clothes can be washed in one-fourth the time.
2d. They require no rubbing or pounding, thereby saving labor, and the injurious effects of the old method.
3d. It bleaches and leaves them purely white, and for colored cloths it is unsurpassed, as it does not extract the dye, but has a tendency to set the color. For washing paint and windows it cannot be excelled.
It is warranted not to injure the clothes in any way.
It is put up in boxes of ten pounds each. Full directions on each box for the use of it.
The Soap can be had at the house of John Davis, who is sole agent for Marion county, on Fifth street, near Wm. Green's Hemp Press, or of Curtis & Lockwood, on Main, near Mill street. (aug3d-ff)

THE INTRODUCTION OF
FILLEY'S STOVES
into Northern Missouri, to any extent, has been in the last three years; since which time they have been gradually increasing the manufacture and sale of them; and although, owing to their being light and smooth, and something new, some little difficulty attended the sale and use at first, yet by always making Stoves and Castings of the best quality of Scotch Pig and Missouri Mountain Iron, they have proved to withstand fire better than any other Casting made in the western country. The furnace castings and hollow-ware particularly, have been superseded by it, wherever it has been brought into use, and always given satisfaction. Having lived here a number of years, and being permanently located here, purchasers can rely on our guarantee as to the quality of the article sold by us; and as to the operation of our celebrated Prize-Premium Cook Stove, just read the certificates of those who have used them, and are using them now. And another advantage a purchaser will have in buying a St. Louis stove of us, he would not only be getting a stove made of the best material in the world, but he can at any time get an odd piece or plate without any charge, by letting us know that such is wanted, as all our stoves are warranted, and, in case of imperfection, the article will be promptly made good to the purchaser, which he will not find the case with Cincinnati, Chicago, Pittsburgh, and Eastern made Stoves, as you cannot get any odd pieces. Even if they were warranted, it would be impossible to get odd plates from such a distance.

We, the undersigned, having used the St. Louis Stoves manufactured by G. F. Filley, of St. Louis, and sold by CARTER W. BRYAN, at Hannibal, Mo., take pleasure in recommending them to the public as superior in point of draft, durability, economy, convenience and ease of regulation, to any stove which we have ever used:

NEW COOK STOVES!!
Persons wishing to buy stoves, should give us a call, and examine our new patterns of

Having secured the agency of them for this city, this stove possesses advantages over common stoves, in thickness of the plate, and improvement in draft. It is given up by all stove dealers and manufacturers, to be the best pattern for a descending flue, of any stove now made East or West.

This stove was patented September, 1852, and wherever they have been used, have given general satisfaction. This stove weighs some forty pounds more to the number than any other stove ever brought to this city. The plates in them are from one-half to three-fourths of an inch in thickness. No. 1 weighs over 200 pounds. We warrant them all against fires. These stoves have a Patent Hot Air Flue, which carries the heat that is generated under the fire-plate down the front part of the stove, between two thick plates to the draft at the bottom of the stove.

C. W. BRYAN.

FIELD'S SCRAP BOOK—New Edition.

Literary and Miscellaneous Scrap Book.
CONSISTING of Tales and Anecdotes—Biographical, Historical, Patriotic, Moral, Religious, and Sentimental Pieces, in Prose and Poetry. Compiled by William Fields. Second edition, revised and improved.

The Footpath and Highway; or, WANDERINGS of an American in Great Britain, in 1851 and '52. By Benjamin Morgan. This volume embodies the observations of the author, made during eight months wanderings, as a correspondent for American Journals; and as he traveled much on foot, differs essentially from those on the same countries, by other writers.

New Themes for the Protestant Clergy; CREDITS without Charity. Theology without Humanity, and Protestantism without Christianity; with Notes by the Editor on the Literature of Charity, Population, Pauperism, Political Economy, and Protestantism. The great question which the book discusses is, whether the Church of this age is what the primitive Church was, and whether Christians—both pastors and people—are doing their duty. Our author believes not, and, to our point, he has made out a strong case. He thinks there is abundant room for reform at the present time, and that it is needed almost as much as in the days of Luther.

TAILORING.
JAMES THOMPSON, & JOHN A. LENNON,
the Lime Man, Merchant Taylor.

HAVE associated themselves together for the purpose of carrying on the TAILORING BUSINESS in all its various branches.
On Main street, one door north of the Brady House, and next door to C. W. Bryan's Stove Store.
They have and will keep, the best of Journeymen all the time, and will Execute Work as Expeditiously, as neatly and as fashionably as they know how.

We will not say we will beat the man that makes the fashions, but will say they will keep as near the pictures as possible.
Mr. Lennon has the largest, best and cheapest stock of Cloths, Cassimeres, Vestings, Trimmings and Summer Goods, that Hannibal ever had the good luck to have in it.

Give us a call gentlemen, you are bound to be suited in my kind, or quality of Goods.

Barber's Shop.
PETER JOHNSON,

RESPECTFULLY offers his services to the public. He keeps the best quality of razors, and keeps them sharp. He will always pay strict attention to cleanliness and neatness. He cuts and dresses hair in a style that never fails to please his customers. As a knight of the scissors and razor he yields to none in Hannibal. His charges are reasonable. As he intends to continue fitting up and improving his establishment, as fast as his means will allow, he hopes to have the patronage of the citizens of Hannibal whose well known chief characteristic of energy, leads them to desire to see everything on the progressive march. Recollect it is the shop nearest to Hickman's Stove Store. It is on the west side of Main street, two doors north of Bird street. (ap-23-d-ly)

Flour! Flour! Flour!
Arrena Mill.

FARMERS AND MERCHANTS coming to Hannibal with the intention of selling wheat and buying flour, would do well to call and see us before selling or purchasing elsewhere. Remember the big stone Mill on Bird, between Main and Third streets. Give us a call. A. S. ROBARDS & SON.
P. S. Our Flour is sold nowhere else but at the Mill. Every sack and barrel is branded with our name on it.
July 19d-ff "A. S. ROBARDS & SON."
